

GANBINA CAREERS NIGHT

There was a real buzz at the Ganbina Careers Night this month as participants explored a whole range of different industries, career pathways, and training opportunities.

A special Monopoly themed game got conversations rolling straight away. As participants visited the different exhibitors on their Career Night game board, they could earn Career Game dollars for the questions they asked, to go into a draw to win one of three \$50 gift cards.

“The Career Game was a lot of fun and it really motivated everyone to get involved on the night,” said Cecilia Ndala, Ganbina’s Employment Program Project Officer.

As a result of the Careers Night, two participants secured full time job offers; two participants gained work experience opportunities; and everyone learned a lot about new work and study opportunities.

FINDING YOUR PASSION

Our guest speaker on the night was Steve Cranage, an IT Trainer and Assessor at GOTAFE in Shepparton.

Steve inspired everyone with his story about how he struggled to enjoy school until he discovered subjects that he was passionate about. Today, he has a Certificate IV in Cybersecurity and Training and Assessment; and a Certificate III in Information, Digital Media and Technology.

"You can do anything, if you focus and work hard."

STEVE CRANAGE

"It was a really great opportunity to see what opportunities are available. There were so many varieties of exhibitors there and they were all so helpful in giving us guidance."
